NOTICE OF CONFIDENTIALITY

Newmark, a New York Corporation (the "Agent") has been engaged as the exclusive sales representative for the sale of (the "Property") by (the "Seller").

The Property is being offered for sale in an "as-is, where-is" condition, and the Seller and the Agent make no representations or warranties as to the accuracy of the information contained in the Offer Memorandum. The enclosed materials include confidential information and are being furnished solely for the purpose of review by prospective purchasers ("Purchasers") of the interest described herein for which it shall be fully and solely responsible. Neither the enclosed materials, nor any information contained herein, are to be used for any other purpose, or made available to any other person without the express written consent of the Seller. Each recipient, as a prerequisite to receiving the enclosed information, should be registered with the Agent as a "Registered Potential Investor" or as a "Buyer's Agent" for an identified "Registered Potential Investor". The use of this Offering Memorandum, and the information provided herein, is subject to the terms, provisions and limitations of the Confidentiality Agreement furnished by the Agent prior to delivery of the Offering Memorandum.

The material contained herein is based on information and sources deemed to be reliable, but no representation or warranty, express or implied, is being made by the Agent of the Seller or any of their respective representative, affiliates, officers, employees, shareholders, partners, and directors, as to its accuracy or completeness. Summaries contained herein of any legal or other documents are not intended to be comprehensive statements of the terms of such documents, but rather only outlines of some of the principal provisions contained therein. Neither the Seller nor the Agent shall have any liability whatsoever for any other written or oral communication or information transmitted, or made available, or any action taken, or decision made by the recipient with respect to the Property.

The Seller reserves the right, at its sole and absolute discretion, to withdraw the Property from the market for sale at any time and for any reason without notice, to reject any and all expressions of interest or offers regarding the Property, and/or to terminate discussions with any entity at any time, with or without notice. This Offering Memorandum is made subject to omissions, correction of errors, change of price or other terms, prior sale or withdrawal from the market without notice. The Agent is not authorized to make any representations or agreements on behalf of the Seller. The Seller shall have no legal commitment or obligation to any recipient reviewing the enclosed materials, performing additional investigation, and/or making an offer to purchase the Property unless and until a binding written agreement for the purchase of the Property has been fully executed, delivered, and approved by Seller and any conditions required under the contract for title to pass from the Seller to the buyer have been satisfied or waived.

By taking possession of and reviewing the information contained herein, the recipient agrees that (a) the enclosed materials and their contents will be held and treated in the strictest of confidence and (b) the recipient shall not contact employees, contractors, sub-contractors or lien-holders of the Property directly or indirectly regarding any aspect of the enclosed materials or the Property without the prior written approval of the Seller or the Agent; and (c) no portion of the enclosed materials may be copied or otherwise reproduced with the prior written authorization of the Seller or the Agent or as otherwise provided in the Confidentiality Agreement executed and delivered by the recipient(s) to Agent.

The Seller will be responsible for any commission due to the Agent in connection with a sale of the Property. However, any broker engaged by Purchaser ("Buyer's Broker") shall seek its commission only from the Purchaser. Under no circumstances will the Agent or the Seller be liable for same and recipient will indemnify and hold the Agent and the Seller harmless from any claims by any brokers having dealt with recipient other than the Agent. Any Buyer's Broker must provide a registration signed by the recipient acknowledging said Buyer's Broker's authority to act on the recipient's behalf.

PROPERTY OVERVIEW

PROPERTY OVERVIEW

Newmark is pleased to present 8000 Wisconsin Avenue, a fully entitled, residential mixed-use development opportunity in the heart of the Woodmont Triangle in Bethesda, Maryland. The 20-story building has been designed as a state-of-the art apartment complex with 437 units ranging from studios to 3-bedroom floor plans as well as 19,500 square feet of Class-A retail space.

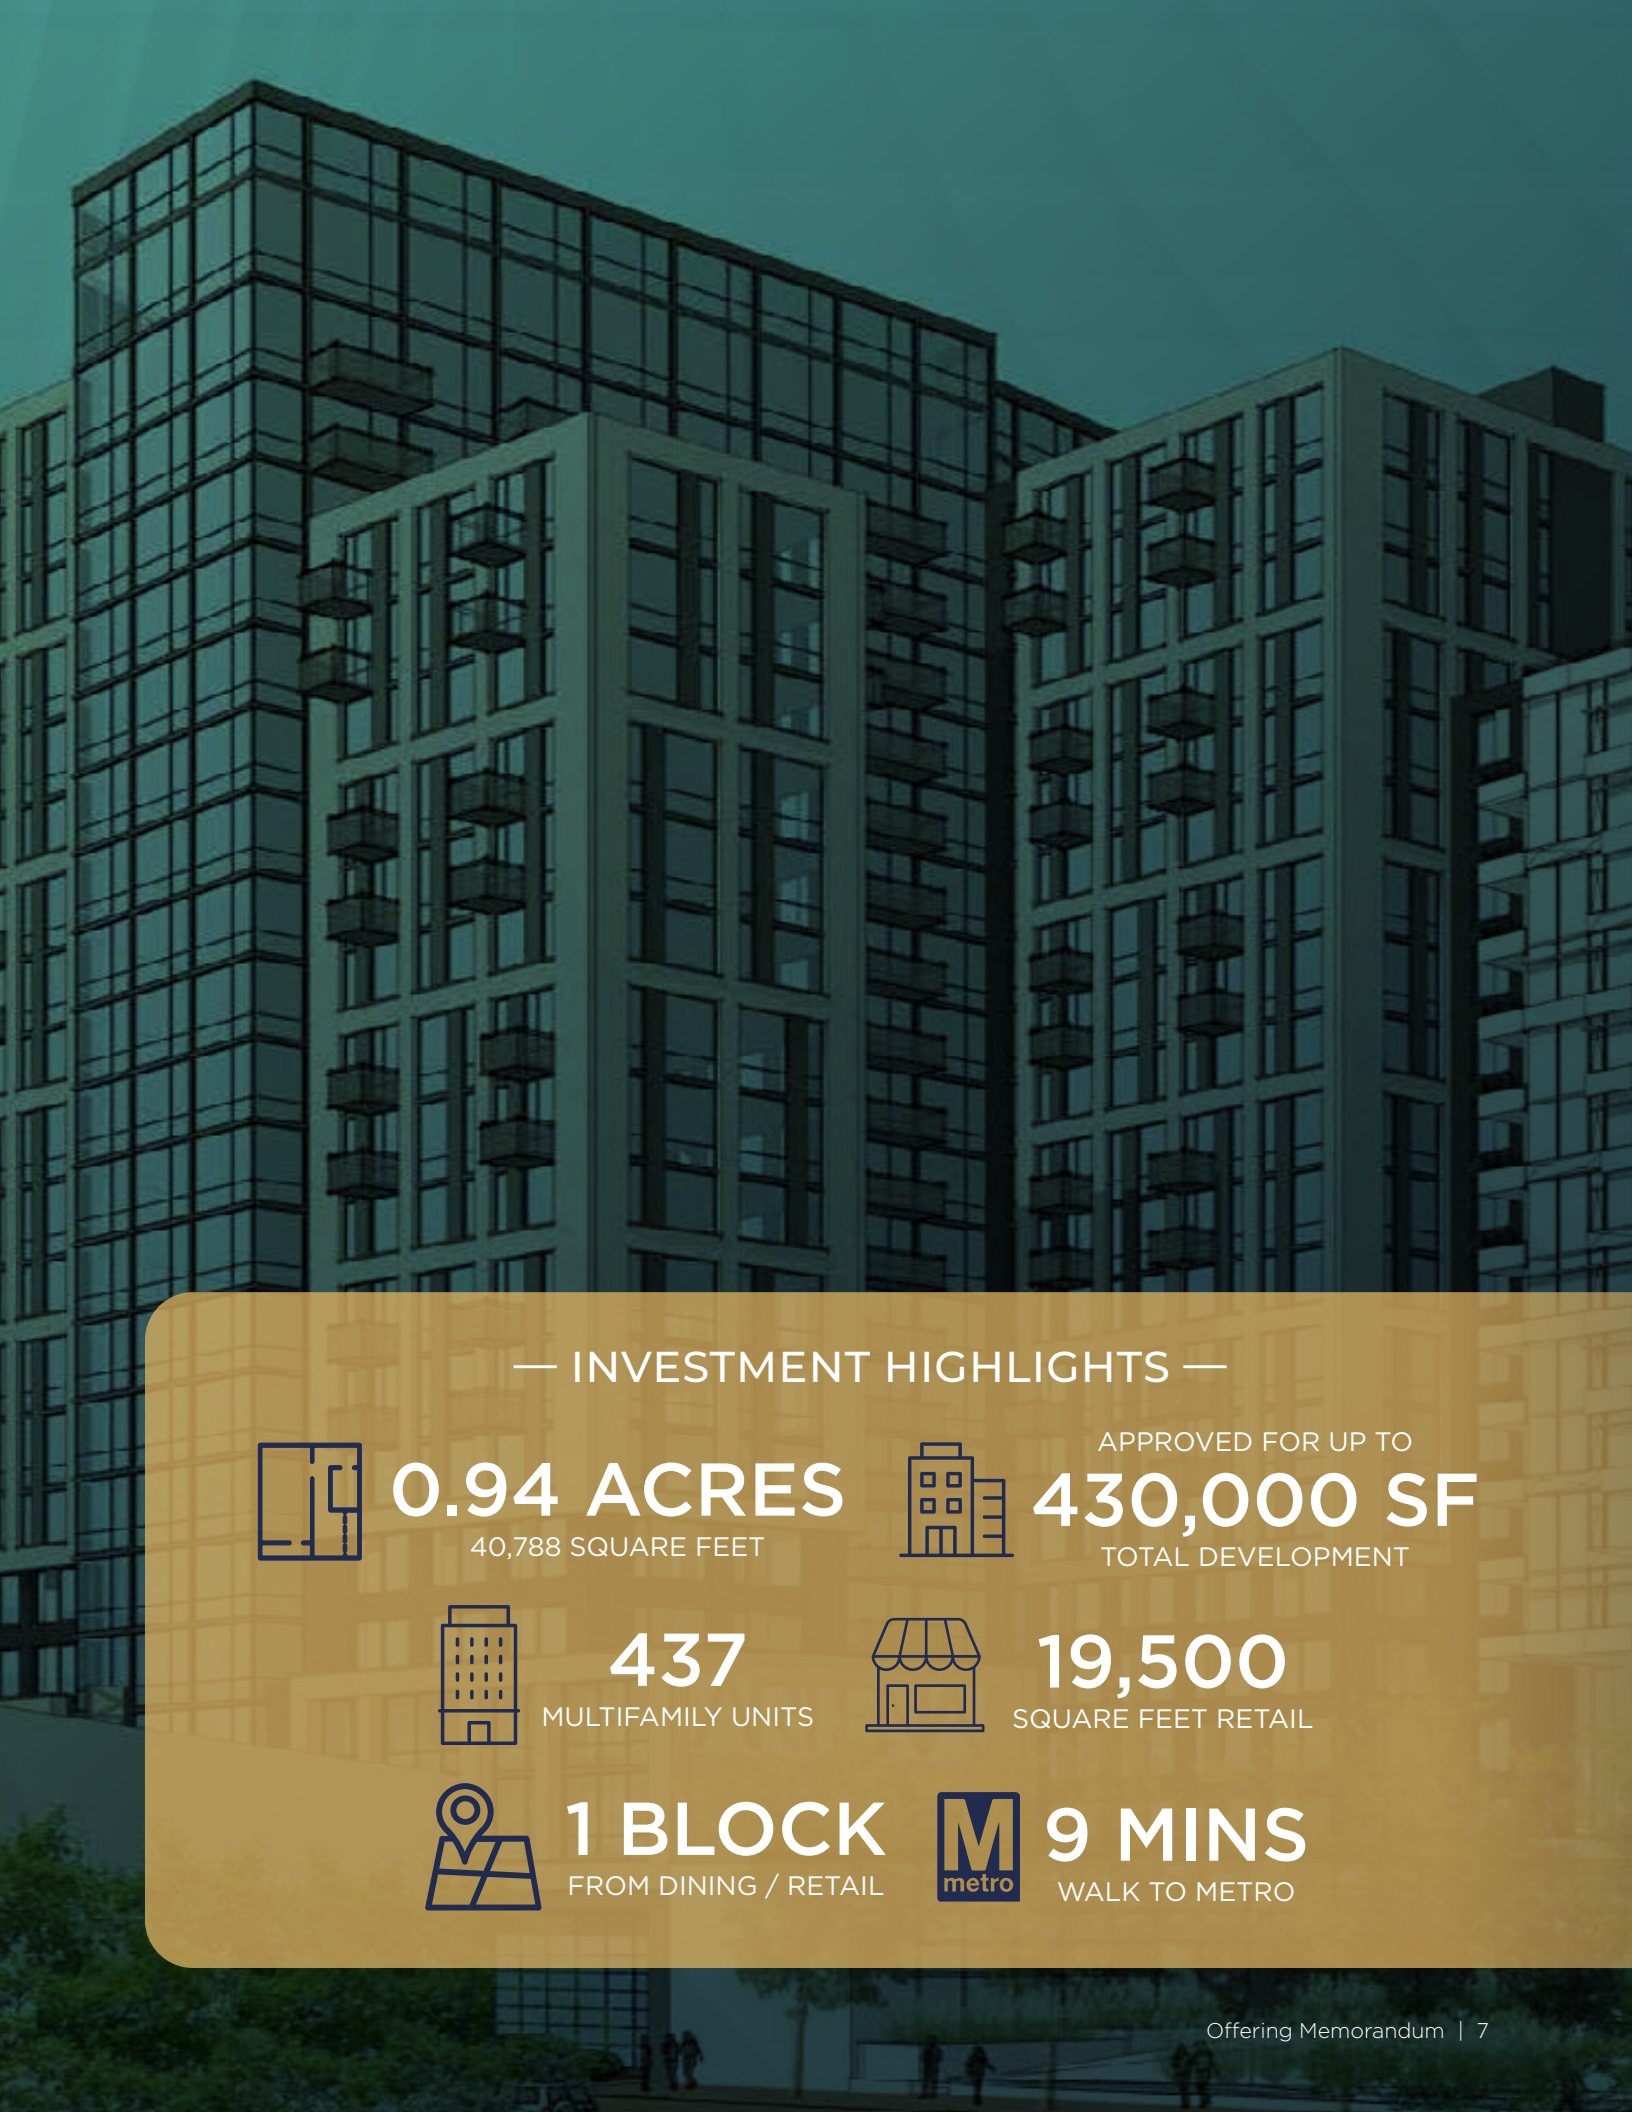

The property consists of an assemblage of parcels with frontage on both Wisconsin Avenue and Woodmont Avenue. Designed to maximize light and architectural interest, the building features an interior courtyard, large multi-level atrium and rooftop amenities. Abundant on-site parking is provided in a multi-level below grade garage.

Future residents will enjoy outstanding, immediate access to all of the upscale amenities the area has to offer. From fine dining to exclusive retailers, downtown Bethesda has no shortage of destinations for all to enjoy. The property is steps away from the new Marriott International headquarters as well as the Bethesda Station Metro Stop (WMATA Red Line).

LOCATION

The property is located on the west side of Wisconsin Avenue, just south of Cordell Avenue in the Woodmont Triangle neighborhood of Bethesda Maryland. With frontage and access on both Wisconsin Avenue and Woodmont Avenue, the location and convenience of this site is unparalleled. Transportation alternatives include immediate access to the Bethesda Metro Station (WMATA Red Line), Metro Bus service along Wisconsin Avenue and a planned Bus Rapid Transit Station in front of the property. The option for multiple commuting routes into DC or other parts of the region further enhances the location's convenience and accessibility. Shopping and services are within an easy walk including a Harris Teeter Grocery Store two blocks north of the site. Wisconsin Avenue is a strong employment corridor highlighted by the new Marriott Headquarters just three blocks south of the site.

LOCATION HIGHLIGHTS

BETHESDA, MARYLAND

Located directly north of Washington, DC, the Bethesda submarket is a prestigious mixed-use community that offers an attractive suburban setting within a vibrant urban environment. The area is highly desirable from a residential perspective given the wide array of diverse lifestyle amenities, the thriving business hub and convenient public transit accessibility.

Downtown Bethesda boasts a healthy corporate environment with many large-scale office users securing new long-term leases including Fox/ WTTG, ProShares and JBG Smith. Also, in a clear testament to its commitment to Bethesda, Marriott International recently announced plans to relocate its 3,500-Employee headquarters to a brand new $600 million complex in Bethesda's downtown district. The project, which will also include a 244-room Marriott hotel, broke ground in mid-2018 and is slated for delivery in 2022. Another Fortune 500 company, defense giant Lockheed Martin, has a Bethesda address in its complex to the north off of I-270 on Rockledge Drive.

Comprising 10.9 million square feet of space, the Bethesda office market boasts the highest asking rental rate in suburban Maryland- nearly $45/SF. The submarket continues to expand, featuring nearly 1.4 million SF of office space currently under construction.

With the Metro station just steps away from the property, residents will enjoy the benefit of seamless public transit access to Washington, DC and throughout the surrounding region via the Metro's Red Line. Each weekday, an average of approximately 9,100 passengers board the Bethesda Metro.

Downtown Bethesda will also be a bookend to the Purple Line, a 16-mile, $5.6 billion, East-West line, connecting Bethesda to New Carrollton in Prince George's County. Many stops will connect riders with Metro as well as MARC commuter rail. The project is under construction and planned to open in 2022.

The area is a vibrant urban center that serves as home to a dynamic mix of restaurants, shops and service retailers, art galleries and live performance theaters. The area has been designated as an official Arts & Entertainment District by the state of Maryland, facilitating a high quality of life for local residents. Downtown Bethesda is poised for further development via the Bethesda Downtown Plan, which was adopted in May 2017 by the Montgomery County Council. The plan aims to build on downtown Bethesda's success by increasing its mixed-use density, enhancing its parks/open spaces and improving its walkability to ensure its long-term sustainability.

DEVELOPMENT PIPELINE

CURRENT OFFICE PROJECTS

MARRIOTT HEADQUARTERS – 7750 WISCONSIN AVENUE

- **Developer:** The Bernstein Companies/Boston Properties
- **Status:** Under Construction
- **Size:** 795,500 SF

The largest and most prominent office project coming to Bethesda will be occupied by a sole tenant — Marriott International. The building has progressed through site prep., demolition, and excavation phase, and is currently undergoing vertical construction. The project is being developed by a joint venture of Bernstein and Boston Properties which will own and lease the 22-story office building to Marriott. A 13-story, 230-room Flagship Marriott hotel is also going up on the site, with a public plaza located between the two buildings. The office building is still on schedule to deliver in Q2 2021, with the hotel opening in Q1 2022.

THE WILSON – 7272 WISCONSIN AVENUE

- **Developer:** Carr Properties
- **Status:** Under Construction
- **Size:** 360,800 SF

The Wilson broke ground in late 2017 and recently topped out. The majority of its space has been leased ahead of delivery later this year. The 24-story building shares a parking garage podium with the Elm apartment building and is now the tallest office building in Montgomery County. It also sits directly on top of the future Bethesda Purple Line station, as well as a new southern entrance to the existing Red Line Metro station.

4747 BETHESDA AVENUE

- **Developer:** JBG Smith
- **Status:** Delivered
- **Size:** 280,000 SF

The first in the current generation of trophy office product in Bethesda, 4747 Bethesda delivered late last year, nearly fully leased. The trophy office building is located on the same block as the Wilson and immediately across from the Bethesda Row retail district. The building's developer, JBG Smith, is also its largest tenant, occupying about 80,000 SF. Host Hotels, Booz Allen Hamilton, Orano USA, and Pebblebrook REIT round out the tenant roster.

AVOCET TOWERS – 7373 WISCONSIN AVENUE

- **Developer:** Stonebridge Associates
- **Status:** Under Construction
- **Size:** 393,700 SF

Like the Marriott headquarters, the 23-story 7373 Wisconsin Ave. development is a mixed-use hotel/office concept. In this case, the 512,000 SF project is being built as a single structure with shared parking and amenity space, although the AC Hotel (the first in Montgomery County) will be separately owned and operated by OTO Development. The office component is now being marketed as "Avocet Tower" and will boast unique features such as a 10,000 SF public landscaped plaza and 7,500 SF rooftop terrace with a 40-foot tall pergola.

BETHESDA BIO – 8280 WISCONSIN AVENUE

- **Developer:** Donohoe/Stonebridge Associates
- **Status:** Planned (Groundbreaking possibly by end of 2020)
- **Size:** 175,000 SF

The Bethesda Bio building is unique among the submarket's office pipeline as a purpose-built lab/office building targeted at life sciences tenants. The building would be the first of its kind in Bethesda, and the first in an urban location in Montgomery County. While the county is home to one of the largest life sciences clusters in the nation, nearly the entire lab inventory is located along the I-270 Corridor in Rockville, Gaithersburg, and Germantown in suburban-style campuses. The only notable exception is the massive United Therapeutics campus in downtown Silver Spring. Bethesda Bio provides a unique opportunity for biotech, pharmaceutical, and other research firms to locate in an urban, transit-accessible environment, less than a mile from NIH which is the region's largest single source of funding for research.

CURRENT MULTIFAMILY PROJECTS

8001 WOODMONT AVENUE

- **Developer:** JBG Smith
- **Status:** Under Construction
- **Size:** 322 units

This project was originally intended to be constructed during Bethesda's last apartment boom but was delayed for several reasons. As a result, the building will instead be the first to deliver in the current mini-cycle. In 2019, the building was rebranded to "8001 Woodmont Avenue" from its original address/name of "7900 Wisconsin Avenue," perhaps to highlight its location in Woodmont Triangle. Most recently, JBG Smith filed a site plan amendment requesting a reduction in the total number of apartments from 450 to 322, to reflect greater demand for larger units. The building's ground-floor retail space will be partially occupied by a Trader Joe's grocery store.

DEVELOPMENT PIPELINE

THE ELM – 4710 ELM STREET

- **Developer:** Insight Property Group/Carr Properties
- **Status:** Under Construction
- **Size:** 376 units

The Elm is the residential component of the massive Apex Building redevelopment at 7272 Wisconsin Avenue. The twin-towered high-rise will sit on top of the Bethesda Purple Line station and a new entrance to the Bethesda Red Line station. Like the 8001 Woodmont Avenue project, the developer of The Elm had requested a reduction in the total unit count in early 2020. In this case, 80 of the originally planned 456 units will be used for short-term "executive housing" rentals, rather than traditional apartments. The 30-story building will be the tallest residential building in Montgomery County (at least for the time being) and feature an amenity "skybridge" connecting the two towers.

MAIZON BETHESDA – 4900 MOORLAND LANE

- **Developer:** ZOM
- **Status:** Under Construction
- **Size:** 229 units

Located at the western edge of Downtown Bethesda, Maizon Bethesda is the only mid-rise building on this list. The project is also the first to be approved under the new Downtown Bethesda sector plan, which set new standards for density, height, architecture, affordable housing, and sustainability. Ground-floor residences at Maizon along Arlington Road will have direct access from the street.

EDGEMONT AT BETHESDA METRO II – 4885 EDGEMOOR LANE

- **Developer:** Equity Residential
- **Status:** Under Construction
- **Size:** 154 units

Edgemont II is going up on the western end of the same block as Maizon Bethesda. This project will be a 15-story high-rise and is the second phase of the existing eight-story Edgemont at Bethesda Metro apartments. The new building's underground parking garage will functionally be an addition to the existing building's garage, so residents of either building can park on both sides. The construction of Edgemont II and Maizon resulted in the demolition of older single-family homes that had been converted to office use and will result in nearly the entire block being used for high-density uses — the sole exception being a relatively new standalone TD Bank.

4824 EDGEMOOR LANE

- **Developer:** Acumen Companies
- **Status:** Approved
- **Size:** 76 units

4824 is approved for a 12-story, 76-unit boutique condominium. The project will have 88,670 square feet of finished space above grade and feature a state-of-the-art auto park system with 65 underground parking spaces allowing residents to access their vehicles via an automobile elevator system inside the building. The property is also unique as it will feature a spacious green amenity on the penthouse roof deck for all residents to enjoy. The property is a short walk to the Metro Station.

7607 OLD GEORGETOWN ROAD

- **Developer:** Washington Property Company
- **Status:** Planned (Groundbreaking by end of 2020)
- **Size:** 200 units

7607 Old Georgetown Road is currently occupied by a La Madeleine restaurant and parking lot but will be redeveloped with a 22-story apartment building containing 200 units. The building will be located very close to the center of downtown Bethesda and the existing Red Line station entrance. Most of the building's amenities will be on the roof, including a terrace, fitness center, game room, lounge, dining room, and bar.

METRO TOWER – 7316 WISCONSIN AVENUE

- **Developer:** B.F. Saul
- **Status:** Planned (Groundbreaking by end of 2020)
- **Size:** 366 units

Another project on Wisconsin Avenue, Metro Tower will add 366 new units to the submarket in a 25-story, artdeco styled tower. The building is located directly north of the Apex building redevelopment project and will have immediate access to the Red/Purple Line station entrance. The building will feature a rooftop swimming pool and clubroom, as well as a public plaza with a water feature.

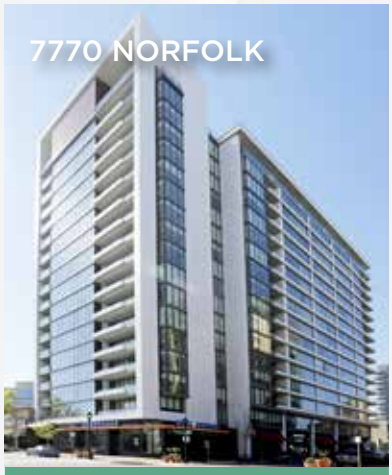

THE CLAIBORNE

- **Developer:** Novo Development
- **Status:** Planned (Groundbreaking by end of 2020)
- **Size:** 84 units

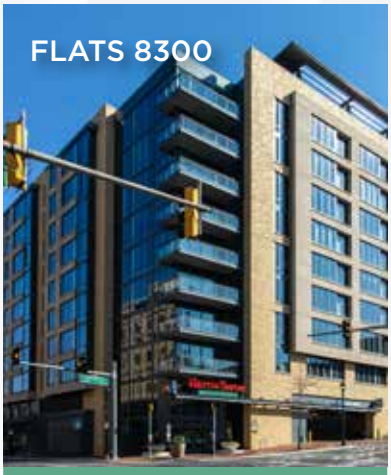

The lone condo project expected to break ground this year, the 11-story Claiborne is in the Woodmont Triangle district on Norfolk Avenue. The building will be within walking distance of multiple retail and dinging outlets, as well as the Marriott headquarters.

WASHINGTON DC MSA

The Washington, DC metropolitan area is comprised of the nation's capital, Northern Virginia, and suburban Maryland and is home to more than 6.2 million people, making it the sixth largest metropolitan area in the country. Due to its diverse employment opportunities, excellent transportation infrastructure, and vast cultural resources, the region has continually attracted a highly educated and affluent workforce, predominantly made up of people between the ages of 25 and 34—the prime renter demographic.

The Washington DC Metro region, consisting of Suburban Maryland, Northern Virginia, and the District of Columbia, continues to perform as one of the strongest and most resilient economies in the United States. Over the past 25 years, the Washington DC Metro Area has only experienced one year of negative job growth and has been considered the safest place to invest among the major metropolitan areas during times of market volatility.

During previous economic downturns, the Washington DC Metro generally has outperformed its peer cities—due in large part to the presence of the federal government and its spending, of which, the large majority is captured by local contractors. The Washington DC Metro has been a magnet for capital during recessionary trends and economic uncertainty due to its stable economic performance. During the Great Recession, the Washington DC Metro saw a shallower decline than peer markets, and it saw the strongest growth as the United States began to recover in 2010. This led to Washington DC's office market achieving significantly higher cumulative office market returns during this period.

The Washington DC Metro region is home to the largest and fastest growing data center market in the world, and it is home to the largest number of cybersecurity firms in the United States, creating an attractive platform for continued growth in the constantly evolving technology sector.

Companies including Amazon, Google, Facebook, Microsoft, and Apple, among many others, have large presence in the area and continue to attract a highly educated workforce predominantly made up of individuals between the ages of 25 and 34, a prime renter demographic. Amazon, in particular, is now one of the leading drivers of the area economy with its selection of National Landing as its new East Coast Headquarters in Cyrstal City, less than 11 miles from the Bethesda and accessible via Metro.

- **17 COUNTIES AND SIX INDEPENDENT CITIES**
- **POPULATION OF OVER 6.2 MILLION**
- **16 FORTUNE 500 COMPANY HEADQUARTERS**
- **6 OF THE TOP 10 WEALTHIEST COUNTIES IN AMERICA ARE CONTAINED IN THE DC MSA**
- **AVERAGE HOUSEHOLD INCOME OF OVER $141,000**

INVESTMENT HIGHLIGHTS

1) 8000 Wisconsin Avenue provides investors and developers the opportunity to purchase or invest in a premier multifamily mixed use project in the most sought after location in the Washington Metropolitan area.

2) The project's size, unit mix and first floor retail provide economies of scale and create an excellent investment vehicle

3) Changing work patterns and migration from the dense urban core to accessible suburbs enhances the desirability of 8000 Wisconsin's location and proximity to amenities.

4) The inclusion of 25% MPDU's significantly reduces development fees and for immediate lease up of these units.

5) Flexible deal structures include finished building pre-sale, land sale-ground lease, joint venture or direct land sale.

THE OWNER WILL CONSIDER THE FOLLOWING SALE OR FINANCING STRUCTURES FOR THE PROPERTY:

1) **Completed Building Presale.** The Seller will develop the project and sell to a buyer at a pre-negotiated price. Closing will occur at the time of building completion or upon stabilization. The project will be delivered based upon pre-approved design and finish specifications using an agreed upon general contractor.

2) **Land Sale-Ground Lease.** The Seller will sell the entitled land, develop the project and enter into a long-term ground lease with the new land owner. Under this scenario the land purchaser may provide additional equity as part of the project financing plan.

3) **Joint Venture.** The Seller will contribute the land into a joint venture with a partner who will contribute additional equity required for project completion.

4) **Land Sale.** The Seller will sell the land with all entitlements in place, but have no ongoing involvement with construction or lease up post closing.

OFFERS SHOULD SPECIFY THE FOLLOWING:

- Full description of the property or rights to be acquired
- Development team and relevant experience including banking relationships
- Purchase Price and any proposed adjustments to price
- Details of the transaction structure
- Timing and amount of deposit(s)
- Details of feasibility period requirements and exact timing
- Closing details
- Description of any contingencies
- Payment of closing costs

OFFER DATE

Offers are due July 14, 2021
